**RELATED PROCEEDINGS APPENDIX**

In 2004, when the foregoing Brief was filed, application 09/531,076 (filed March 18, 2000) was related and appealed. However, upon review of the appeal brief in the '076 application, the Examiner handling that case re-opened prosecution, and such prosecution is still continuing. Accordingly, as of April, 2006 (when this page was submitted), there is no related proceeding.

(The '076 application is the parent of the present application. The specification of the '076 application is essentially identical to the spec of the present application. The claims originally filed in the '076 application are essentially identical to the claims originally filed in the present application. A restriction requirement was issued in the present application. Original claims 7-16 are pursued in the present application; original claims 1-5 are pursued in the '076 application.)
